CATALOGUE
of Publications of the Danube Commission

as of
1st October 2026

Danube Commission
Budapest, 2026

This catalogue contains a list of key publications by the Danube Commission. Based on their content, these are grouped into the following sections: general matters and proceedings of Sessions, nautical matters, technical equipment of vessels and ports, waterway maintenance, exploitation and environmental protection, statistics and economic analysis, legal and other matters.

In accordance with Article 10.3 of the Regulations on the Financial Management of the Danube Commission, approved by Decision of the 66th Session dated 8 May 2006 (doc. CD/SES 66/32), Member States of the Danube Commission, special river administrations and interested international organizations shall receive a specified number of copies free of charge upon distribution of the publications after their release.

If a Member State wishes to receive further copies, they will be sent to the indicated address at a price determined on the basis of the publication costs in the budget currency.

For publications intended for sale to organizations in non-Member States of the Commission, the price is set by the Director-General in EUR on the basis of the publication costs.

The prices of publications for Member States of the Danube Commission and for non-Member States are listed in the catalogue. Packaging and shipping costs will be charged to the buyer upon shipment of the publications.

If no price is indicated in the corresponding column, these publications are no longer available, but can be viewed in the Danube Commission library or ordered in electronic form. The Secretariat can provide translations of the publications into the official languages of the Commission and into English, with the cost of translation being borne by the purchaser.
