On-shore Power Supply for cruisers

***Belgrade is getting a new, modern international passenger terminal to accommodate the growing demand for berthing in the capital.***

# Role of the PGA - Cruisers hotels

- Cruise ships will serve as additional accommodation capacity during the upcoming EXPO exhibition.
- More than 3 million international visitors are expected at the event.
- These floating hotels will be docked at the new international passenger terminal at Ušće.
- Guests will enjoy the most beautiful view of Belgrade from this unique location.
- The Port Governance Agency (PGA) has been actively working on making this project a reality.

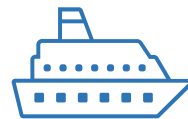

# New international passenger terminal in Surčin

River Sava, New Belgrade, near the EXPO exhibition complex

One pontoon for berthing

Berthing capacity – 2 cruise ships simultaneously

*The international passenger terminal in Surčin will serve the EXPO exhibition in 2027, after which it will become the new facility for port calls in the capital. Additional berthing capacity will enhance the results of future nautical seasons in Serbia.*
