

2022

CATALOGUE  
of Publications of the Danube Commission

as of  
1<sup>st</sup> October 2022

Danube Commission  
Budapest, 2022

Present Catalogue includes inventory of key publications of the Danube Commission. Following its content, publications are grouped in several chapters: general matters and proceedings of sessions, nautical matters, technical equipment for vessels and ports, fairway maintenance, exploitation and ecology, statistics and economic analysis, legal and other matters.

In accordance with article 10.3 of Regulation on the financial activity of the Danube Commission, approved by the Decision of the 66<sup>th</sup> session from 8<sup>th</sup> May 2006 (doc. CD/SES 66/32), member states of the Danube Commission, special river administrations and international organizations involved receive certain number of exemplars free of charge when distributing publications after their publishing.

In case the member state of the Commission communicates to get additional exemplars, they are submitted to the indicated address at the price set in budget currency, including publishing costs.

Publication prices, held for sale to the organizations from the non-member-states of the Commission, are settled by the Director-General in euro on the basis of publishing costs.

The Catalogue was compiled with a price for the member states of the Danube Commission and for the non-member states of the Commission. At the dispatching of publications purchaser bears all postal and packing charges.

If there is no data in the column “Price”, it means that these publications are out of stock, however there is a possibility to find out more about them at the library of the Danube Commission or to order electronic versions thereof. The Secretariat can translate publications in the Commission’s languages, as well as in English, if translation costs are covered by the ordering party.
